3) Resident request: Street closure; Spring Brooke on June 18, 2022

Mary Ellen Sisson of Goshen asked the Board to approve the closure of a section of Spring Brooke Drive for Spring Brooke's summer cook-out, carry-in, games, and music event on June 18, 2022, with a rain date of July 9, 2022.

She said her group wanted to close a small section of Spring Brooke Drive immediately north of the clubhouse to the entrance of Edge Brooke Court while leaving the left lane open just past the second driveway on the north side (across from the clubhouse) to allow those residents to come and go to and from their homes. The event will start at 4:30 p.m. and end at 9 p.m. on June 18. She said the group would need some barricades for the closure. City staff requested that access be maintained to all residences and that barricades and a "road closed" or detour sign be arranged through the City Street Department.

Nichols/Riouse moved to approve the closure of a section of Spring Brooke Drive for Spring Brooke's summer cook-out, carry-in, games, and music event on June 18, 2022, from 4:30-9 p.m., with a rain date of July 9, 2022. Motion passed 5-0.

4) Legal Department: Contract with Kemira Water Solutions, Inc. for the purchase of Ferric Chloride for the Waste Water Treatment Plant

Brandy Henderson, a paralegal with the Legal Department, asked the Board to award a contract to Kemira Water Solutions, Inc. as the lowest responsible and responsive offeror and authorize the issuance of a Purchase Order for the purchase of Ferric Chloride at a cost of \$1.03 per pound. Henderson said the City solicited quotes for the purchase of Ferric Chloride, a chemical required for the Waste Water Treatment Plant, in accordance with Indiana Code § 5-22-8-3. She said on April 11, the Board approved and accepted the quote from PVS Technologies, Inc. However, it was later determined that there was an error in the weight increment causing an error in the quotes. Therefore, the lowest quote was by Kemira Water Solutions and not PVS Technologies, Inc.

Nichols/Riouse moved to award a contract to Kemira Water Solutions, Inc. as the lowest responsible and responsive offeror and authorize the issuance of a Purchase Order for the purchase of Ferric Chloride at a cost of \$1.03 per pound. Motion passed 5-0.

5) Planning & Zoning Department: Westoria Eighth PUD - Acceptance of Plat

Planning & Zoning Administrator Rhonda Yoder asked the Board to accept the subdivision plat for Westoria Eighth PUD with dedications and easements. Yoder said a 27-lot residential subdivision has been submitted, Westoria Eighth PUD, which is the final section of Westoria subdivision, zoned Residential R-2PUD (Planned Unit Development). The subdivision meets the Zoning and Subdivision Ordinance and Westoria PUD requirements. A subdivision drainage plan was accepted by the Board of Works on Oct. 18, 2021. Secondary approval will be granted while public infrastructure is being constructed and prior to acceptance for maintenance, and a Letter of Credit for the infrastructure construction was provided and accepted by the Board of Works on April 18, 2022. The plat includes dedication of right of way, for the extension of Westoria Drive and Winslow Drive, along with a number of easements.

Nichols/Riouse moved to accept the subdivision plat for Westoria Eighth PUD with dedications and easements. Motion passed 5-0.

6) Water & Sewer Department: Request for a partial closure of Emerson Street on April 26, 2022

Kent Holdren, Superintendent of the City Water/Sewer Plant, asked the Board for permission to close Emerson Street to thru traffic, between West Purl Street and West Douglas Street, on Tuesday, April 26, 2022 and reopening for traffic on Thursday afternoon, April 28, 2022, weather permitting.

Holdren said the City of Goshen Water and Sewer Department will be installing a sewer lateral on 603 Emerson Street. He said the excavation would be about 10 feet in depth and for the safety of the work crews and the public, a portion of Emerson Street should be closed to traffic. He said City staff would notify Goshen Schools and Emergency Medical Services and ensure that the garbage is moved to the appropriate location for pick up.

Nichols/Riouse moved to approve the closure of Emerson Street to thru traffic, between West Purl Street and West Douglas Street, on Tuesday, April 26, 2022 and reopening for traffic on Thursday afternoon, April 28, 2022, weather permitting. Motion passed 5-0.

7) Water & Sewer Department: Request for relief from sewer charge for 528 Alfalfa Street

Kent Holdren, Superintendent of the City Water/Sewer Plant, asked the Board to grant sewer relief be for 528 Alfalfa Street, as calculated by the Billing Department for the amount of \$995.46. Holdren said the Goshen Water and Sewer Department investigated the claim for \$995.46 in relief and determined that water was leaking through the meter horn and did not enter the sewer.

Jason Bontreger, who owns and lives at 528 Alfalfa Street, said he agreed on the amount of proposed sewer relief. In response to a question from **Board member Landis**, **Bontreger** said he held up on paying the late fees because he didn't know until today that he was responsible for them because the City caused the water leak.

City Water & Sewer Office Manager Kelly Saenz said it would be up to the Board to decide whether to grant relief from the late fees added to Bontreger's account. She said the late fees total \$231.08 for four months, November through February. Saenz also said her office cannot waive the fees.

Landis questioned the request to forgive the late fees because City staff had been in contact with Bontreger throughout this period and he was aware of the late fees. **Bontreger** said he paid his bills, but wasn't aware that late fees were being charged for the sewer fees.

Saenz said the City first contacted Bontreger in October and again in November, December and February. She said the late fees began in November. Saenz said after November, Bontreger made a total of three payments. So, she said he was carrying a balance and his payments were sporadic.

Mayor Stutsman said no was disputing the need for the sewer relief, but the question seemed to be what to do about the late fees.

Landis said it seemed **Bontreger** didn't like the fees, so he decided to not pay. Landis said he was open to providing him with partial relief on the late fees. In response to a question by **Board member Swartley**, **Bontreger** discussed his payments. **Landis** also further commented on the situation.

Mayor Stutsman said he would be inclined to forgive the late fees, but was open to providing less than 100% of the late fees.

Bontreger pointed out that he took action to report the leak.

Board member Riouse said he would support providing 50% relief from the late fees. **Landis** said he could support a 75% discount on the late fees. **Swartley** agreed. **Board member Nichols** clarified the proposed relief for late fees. **Nichols/Riouse** moved to grant sewer relief for 528 Alfalfa Street, as calculated by the Billing Department for the amount of \$995.46 as well as 75% of relief from the \$231.08 in late fees. Motion passed 5-0.

8) Building Department: Electrical license request for Elton M. Weaver

City Building Commissioner/Commercial Building Inspector Myron Grise asked the Board to approve a City of Goshen electrical license for Elton M. Weaver with Weaver Service LLC, of Rochester, Indiana.

Grise said Weaver has met the requirements for a City of Goshen electrical license. Weaver took the required Prometric exam on Aug. 5, 2013, and received a passing score of 87%. Grise said Weaver holds a valid electrical license with St. Joseph County, and is requesting a reciprocal license with the City of Goshen

Nichols/Riouse moved to approve a City of Goshen electrical license for Elton M. Weaver with Weaver Service LLC, of Rochester, Indiana. Motion passed 5-0.

9) Building Department: Mechanical license for Kenneth R. Kerr

City Building Commissioner/Commercial Building Inspector Myron Grise asked the Board to approve a City of Goshen mechanical license for Kenneth R. Kerr with K-Clean Service Co., of Chesterton, Indiana. Grise said Kerr has met the requirements for a City of Goshen mechanical license. Kerr took and passed, with a sufficient score, the ICC Master Mechanical exam in June 2018. Kerr holds a valid mechanical license with Michigan City, Indiana, and is requesting a reciprocal license with the City of Goshen.

Nichols/Riouse moved to approve a City of Goshen mechanical license for Kenneth R. Kerr with K-Clean Service Co., of Chesterton, Indiana. Motion passed 5-0.

Privilege of the Floor (opportunity for public comment for matters not on the agenda):

Mayor Stutsman opened Privilege of the Floor at 2:19 p.m. There were no public comments, so the Mayor closed the public comment period at 2:19 p.m.

Request for use of portion of City Parking Lot at 315 W. Washington for Festival of Hope

To the Board of Works,

Center for Healing & Hope would like to submit a request to use the eastern portion of the city parking lot located just north of Goshen Brewing Company at 315 W. Washington. Use of the lot coincides with an annual event Center for Healing & Hope puts on called Festival of Hope. Last year we held the event at Pringle Park. Now that we are settled into our clinic on Lincoln Avenue (we moved here April 2021) we'd like to utilize the space adjacent to our clinic and incorporate neighboring businesses to create a community block party style event. I've attached a layout to show exactly what portion of the lot we are requesting use of. Additional details below:

Date of Event: Saturday, July 9th

Time of Event: 12pm-7pm

When do you want to start the lot closure? Friday, July 8th after Goshen Brewing Company closes at 10pm

When do you want the lot closure to end? Saturday, July 9th at 8pm

Why do we want to close this portion of the lot? To allow neighboring businesses and nonprofit partners to set up 10x10 tents to engage with families and display resources and products, to set up kids activities including a bounce house, to set up a cornhole tournament, and to allow people to walk through the area.

Affected Groups: Goshen Brewing Company – they will be supporting the event and I'm working closely with Jesse Sensenig on the details. Interra – they will be supporting the event, and I'm working closely with Megan Simpson on the details. Goshen Farmers Market – I am in talks with Jo Ellen and am awaiting her feedback.

Do we require any barricades? We would like to request barricades for the coned off areas on the attached layout to be put up and taken down per the closure start/end timeframe listed above.

Will we require use of city power? We would like to request the ability to plug a bounce house blower into the city owned electrical outlets at the north of the lot, just west of where we anticipate placing the bounce house.

Any necessary insurance documentation will be provided.

Are there any other events happening in the area on this date? None scheduled in the immediate vicinity

We are happy to answer any questions you may have. Thank you for your consideration.

FORCE MAJEURE

Except for payment of sums due, neither party shall be liable to the other or deemed in default under this contract if and to the extent that such party's performance under this contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party and could not have been avoided by exercising reasonable diligence. If either party is delayed by force majeure, the party affected shall provide written notification to the other party immediately. The party shall do everything possible to resume performance. The notification shall provide evidence of the force majeure event to the satisfaction of the other party. If the period of non-performance exceeds thirty (30) calendar days, the party whose ability to perform has not been affected may, by giving written notice, terminate the contract and the other party shall have no recourse.

BREACH

It shall be mutually agreed that if Contractor fails to perform the work or comply with the provisions of this Agreement or fails to fulfill any warranty, and Contractor is not able to correct the breach within fifteen (15) calendar days after the City provides written notice to Contractor of such breach, the City may provide or have provided alternative provisions to correct and/or complete the projects. Contractor shall be responsible for any and all costs that are incurred and such costs may be deducted from amounts owed to Contractor expenses to correct the breach or complete the project. If such costs exceed the amounts owed to Contractor, Contractor is liable to reimburse the City for such costs.

If Contractor fails to perform the work or comply with the provisions of this Agreement, then Contractor may be considered in default.

Contractor may also be considered in default by the City if any of the following occur:

- (1) There is a substantive breach by Contractor of any obligation or duty owed under the provisions of this Agreement.
- (2) Contractor is adjudged bankrupt or makes an assignment for the benefit of creditors.
- (3) Contractor becomes insolvent or in an unsound financial condition so as to endanger performance under the Agreement.
- (4) Contractor becomes the subject of any proceeding under law relating to bankruptcy, insolvency or reorganization, or relief from creditors and/or debtors.
- (5) A receiver, trustee, or similar official is appointed for Contractor or any of Contractor's property.
- (6) Contractor is determined to be in violation of federal, state, or local laws or regulations and that such determination renders Contractor unable to perform the work under the Agreement.
- (7) The Agreement or any right, monies or claims are assigned by Contractor without the consent of the City.

TERMINATION

The parties may terminate this Agreement under any of the following conditions:

- (1) The contract may be terminated in whole or in part, at any time, by mutual written consent of both parties. Contractor shall be paid for all work performed and expenses reasonably incurred prior to notice of termination.
- (2) The City may terminate this contract, in whole or in part, in the event of default by Contractor. In such event, the City may issue a written notice of default and provide a period of time in which Contractor shall have the opportunity to cure. If the default is not cured within the time period allowed, the contract may be terminated by the City. In the event of default and failure to satisfactorily remedy the default after receipt of written notice, the City may secure similar work in any manner deemed proper by the City, and Contractor shall be liable to the City for any excess costs incurred.
- (3) The rights and remedies of the parties under this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

ASSIGNMENT

Neither party shall subcontract or assign any right or interest under the contract, including the right to payment, without having prior written approval from the other. Such approval shall not be unreasonably withheld. Any attempt by either party to subcontract or assign any portion of the contract shall not be construed to relieve that party from any responsibility to fulfill all contractual obligations.

MODIFICATIONS

It is mutually understood and agreed that no alteration or variation of the terms in this Agreement including the scope of work, completion of work and compensation, and that no alteration or variation of the conditions of this Agreement shall be binding unless specifically agreed to in writing by the parties. Any modification or amendment to the terms and conditions of the Agreement shall not be binding
